Grand Rapids College Combine Clinic - All High School Ages

January 4, 2014 Woodland Sportsplex, Grand Rapids, MI.

Detroit Area Combine Clinic - All High School Ages

February 8, 2014 Oakland Yard, Waterford, MI

The winter indoor Premier College Combine Clinics are a great way to be seen by college coaches during the winter months. The Premier College Combines are indoor events that will allow high school players to showcase their talents in a 7 v 7 format in front of college coaches at indoor facilities. These events are specifically for individual players. Players are assigned to teams by position.

NEW THIS YEAR! Each indoor Combine Clinic will begin with a 40 minute Clinic Session and will conclude with each player participating in at least 3 - 15 minute 7 v 7 games. The Clinic will be conducted by college soccer coaches. The college coach to player ratio is 1:18 / 1:22 depending on the number of participants per session.

Based on the number of participants per session, adjustments may be made, however a typical Combine Clinic participant will participate in the following:

1 / 40-minute College-Style Training session with a College Coach
3 - 7 v 7 games observed by College Coaches

Player profiles will be provided to all College coaches in attendance

Space is very limited. Do not wait. You can register online at www.collegecombine.com
