From the MRL Website:

Premier Division Teams

A Premier Division Team slot shall be allotted to the team/club/organization that owns/controls the name to the team that had participated in the MRL during the previous season. Any questions in regards to such ownership/control of the slot shall be directed by the MRL to the Director of Coaching of the Premier Division team as listed on the original MRL team application from the previous season.

In situations where the team coach and/or player(s) may depart such team and join or create another team, the Premier Division slot does not follow such group.

In situations where there is a mutual desire to merge or consolidate organizations/clubs/teams, the MRL at its sole discretion may review and determine the outcome of any requests for the transfer of a Premier Division slot if the organization/blub/team that "owns" such slot formally requests the transfer of such slot to a partner organization/club/team. Such transfer must have the written support of both groups and the state association(s) or the involved groups. The MRL at its discretion may request additional written information in regards to this matter including but not limited to the rationale for the transfer, a guarantee on the number of returning MRL Premier level players for the coming season and any other matter that the MRL deems pertinent in the review of this matter.
