About the US Youth Soccer National Championship Series

The US Youth Soccer National Championship Series is the country's most prestigious national youth soccer tournament, providing approximately 185,000 players on more than 10,000 teams from US Youth Soccer State Associations the opportunity to showcase their soccer skills against the best competition in the nation while emphasizing teamwork, discipline and fair play. The US Youth Soccer National Championships cap a yearlong series of competitions for boys and girls teams in multiple age brackets as teams earn their way from the top teams in their state to the regional championship tournaments. US Youth Soccer State Champions and selected wildcard teams through US Youth Soccer Regional Leagues in most age groups are eligible to compete in one of four US Youth Soccer Regional Championships. The champions in the 13U through 19/20U age brackets from each regional event will converge in July for the US Youth Soccer National Championships. Annually the US Youth Soccer National Championship Series provides the nation's top collegiate coaches with the premier stage to identify and scout the most coveted players in the country. In 2016, more than 600 coaches attended the US Youth Soccer Regional and National Championships.
