## Junior State Cup Game Score Reporting

The winning team (or home team in case of a tie) is responsible for **REPORTING** the game scores of each Junior State Cup Preliminary Game. Scores must be reported within 24 hours of each preliminary game. This is what gets the score posted online – not the referee-submitted online game report.

Failure to report the game score within 24 hours may result in a \$100 fine or game forfeiture. Teams can report scores via a phone or the website. Instructions for doing both are located below.
