MSYSA Policy Statement on Retaining 'Spots' in the National League Conferences

For U13 Teams: A team may only keep their "earned" spot from the fall season in MSPSP to the spring season in the National League Great Lakes or Midwest Conference if that team has a minimum of 9 players that appear on both the fall season MSPSP roster and the spring season National League roster.

For U14 – U19 Teams: A team may only keep their "earned" spot in the National League Great Lakes or Midwest Conference from the prior seasonal year if that team has a minimum of 9 returning players (i.e. there is at least 9 players in common between the prior and current seasonal year rosters). Exceptions may be made as determined by the MSYSA Executive Director.

In all cases, teams are responsible for meeting all published application and payment deadlines. Failure to meet a published deadline may result in forfeiture of an "earned" spot.

Note: US Youth Soccer may establish their own policies on roster continuity and retaining "earned" spots that may also apply. These will be posted at <https://www.usyouthsoccer.org/national-leagues/> and will also apply to MSYSA teams.
