Instructions for Completing SafeSport Training in GotSport

The SafeSport Training must be completed annually (every 12 months).

In the first year, the Core SafeSport Training is required. During the 3 subsequent years, SafeSport Refreshers 1, 2, and 3 become available to take. Only one 'Refresher' course is required each year. Once a person has completed the full training series (Core training and 3 Refresher trainings), the cycle restarts again with the Core SafeSport Training.

The SafeSport Training was previously hosted on a different website, but was moved to a different platform as of December 2021. The new platform website is SafeSportTrained.org.

- Log in to your account: system.gotsport.com
 - If you have an account but do not have your password, use the [Password Reset tool](#) (enter the email address associated with your account)
 - If you have issues logging into your GotSport account, contact your Club Administrator.
- In the top-right corner of your screen, click the 'Profile' icon.  This will take you to your Account Dashboard:

- The SafeSportTrained.org website should open in a new tab or window.
 - If this is your first time completing the SafeSport Training**, and you did not previously have an account used for SafeSport Training on any other website, then you should enter the requested information to create a new account. Enter your information (name, email address, etc.) so it matches exactly with the information on your GotSport account.
 - If you previously completed the SafeSport Training**, and had an account on SafeSport.org (or a similar website), then your existing account information was likely migrated over to this new training platform. Instead of creating a new account, click the 'Login' button in the top-right corner. If you have already logged into the SafeSportTrained.org website, enter your username and password to login. If this is your first time logging in on the SafeSportTrained.org website, click the orange Forgot Password? link to receive emailed instructions for logging into the site.

- Once logged into the SafeSportTrained.org site, you will be taken to your Dashboard. Scroll down and click on the “My Courses” button.
 - If this is your first time completing the SafeSport Training**, you should see the Core SafeSport Training course, which is labeled as *SafeSport Trained - U.S. Soccer Federation*. Click ‘Start’ to view more information about the course.
 - If you previously completed one or more SafeSport Training courses**, you should see a record of the courses you have completed already, along with the next available course in the series for you to take (most likely, one of the Refreshers). Find the next appropriate course and click ‘Start’ to view more information about the course.
 - If you’ve already completed the full SafeSport Training series**, including Refresher 3, then you will need to restart the training series again. In that scenario, you should see an option to ‘Re-enroll’ in the Core training course. First click Re-enroll, and then click Start to view more information about the course.
- You should now be taken to a page providing more information about the training course you selected. Scroll down to the bottom of the Training page, and click Enroll. Next, click the Start button. The page should refresh once more. To begin the course, scroll down and click the Start button one more time, which should open the training.
- Once you have completed the training, return to your Dashboard on SafeSportTrained.org. To view a copy of your SafeSport Certificate, first click the menu icon (three horizontal lines) in the top-right corner of the page, and then select ‘Transcript.’

You should see a record of the course history & certificates associated with your account. Click the blue ‘Download’ button next to the Certificate you wish to view. The certificate should display in a new tab or window, and can be downloaded or printed from there. We recommend you retain a copy for your own records.

10. Return to your account Dashboard on GotSport, and view your SafeSport Requirement (by clicking the green 'Details' text). Click the yellow 'Check Records' button to sync up your certification. As long as your SafeSport account and GotSport account use the exact same first name, last name, and email address, your SafeSport Certification should update on your GotSport account within a few seconds. You may need to click the yellow button more than once to send the request through.
