

November 27, 2024

Dear Club and League Representatives:

As a follow up to our communication dated November 25, 2024, US Soccer's formal statement on the path forward regarding player registration can be found [here](#).

There will be NO CHANGE from Birth Year Registration (January 1-December 31) to School Year Registration (August 1-July 31) for the coming seasonal year (Fall 2025/Spring 2026). US Soccer's decision provides flexibility and time for organizations, like MSYSA, to potentially transition to School Year Registration (August 1-July 31) beginning in the Fall of 2026.

When available, we will share the resources and other information referenced in US Soccer's communication. In the interim, should you have any questions, please don't hesitate to reach out via email to the MSYSA State Office.

Sincerely,

Thomas Faro
Executive Director
