

NATIONAL 1

ROSTERING RULES GUIDE

Cross-League Player Eligibility & Registration Requirements

ROSTER SIZE REQUIREMENTS

Minimum Roster <i>Primary players only</i>	Maximum Roster <i>Primary players only</i>	Game Day Maximum <i>All rostered players</i>
15	30	18

ROSTER MINIMUM

Teams must register a minimum of 15 primary rostered players by the date designated and published for each district and maintain that minimum number of players throughout the seasonal year.

ROSTER MAXIMUM

A maximum of thirty (30) primary players may be rostered on any National 1 team roster (in any one age group). Once a player is added, they shall be counted against the roster maximum **even if later released, transferred, or dropped**, unless the Commissioner grants an exception due to unique and exceptional circumstances.

⚠ KEY REMINDER: Club-Passed player / Guest player (CP) do NOT count towards the roster minimum (15) or maximum (30). Only primary rostered players count against these limits.

NATIONAL 1 + GLPL/MSPSP

Players wishing to compete in both National 1 and GLPL/MSPSP must complete a two-step registration process. **Please note: N1 players may only dual-roster on an MSPSP/GLPL team within the same club.**

For N1 and MSPSP/GLPL participation, dual-rostered players must remain within the same club. N1 players may not participate on an MSPSP team with a different club.

STEP 1 — MSYSA Registration

Complete MSYSA player registration AND be listed as PRIMARY player on the GLPL/MSPSP team roster.

STEP 2 — US Club Registration

Complete US Club player registration and AND be listed as PRIMARY player on the N1 team roster.

 **KEY REMINDER:** Both steps must be completed for the player to be eligible. Listing as PRIMARY on the GLPL/MSPSP and PRIMARY on the National 1 roster. Players will have 2 Passcards. Players may only participate in State Cup for 1 of the teams they are listed as Primary on.

AGE PLAY-UP RULE

A player may register to play up in GLPL / MSPSP (ie, U19) while competing at their age-appropriate level in N1 as a Primary Player (P) (U17). Example: A U14-aged player may be primary rostered on a U15 GLPL team AND primary rostered on U14 National 1 team simultaneously.

NATIONAL 1 + ECNL RL

REGISTRATION

Each ECNL RL player must:

1. Complete US Club player registration.
2. Be rostered to the N1 team as a **Club-Passed Player (CP)**.

GAME DAY LIMIT

A maximum of **4 ECNL RL players (CP)** may appear on the Game Day Roster per match. These 4 spots may be filled by **different players each week** — coaches may swap ECNL RL (CP) players in and out, provided no more than 4 appear in any single match.

ROSTER STATUS

ECNL RL players who are **not primary players** on the N1 roster do **not count** against the 30-player roster limit.

 **KEY REMINDER:** ECNL RL Players rostered as CP National 1 players do NOT count towards the 15-30 player roster limits. You may use different ECNL RL (CP) players each week, but never more than 4 in any single match.
